

AMENDMENTS TO THE DRAWINGS

Please enter the new drawing sheet for Figure 3 that is filed herewith. The new sheet for Figure 3 illustrates a method in accordance with Applicant's disclosure.

REMARKS

1. Summary of the Office Action

In the Office Action mailed July 21, 2010, the Examiner indicated that this application is in condition for allowance except for formal matters. In particular, the Examiner objected to the drawings under 37 CFR § 1.83(a).

2. Summary of Examiner Interview

Applicant thanks Examiner Nguyen for the telephone interview conducted on September 7, 2010, during which Applicant's representative, Bob Irvine, and the Examiner discussed the objection to the drawings under 37 CFR § 1.83(a). In order to overcome the objection, the Examiner asked the Applicant to provide a flow-chart that includes the elements of claim 1 as amended in the response filed on May 7, 2010.

3. Response to the Objection to the Drawings

Please enter these amendments to the specification and drawings. Applicant affirmatively states that no new matter has been added. Figure 3 is fully supported by the specification and is not new matter.

Based on these amendments to the specification and drawings, Applicants respectfully submit that the features of the allowed claims are shown in the drawings. Accordingly, the Applicants respectfully request that the Examiner remove the objection to the drawings made pursuant to 37 CFR § 1.83(a).

4. Conclusion

In light of the foregoing, the Applicant believes that the Office's concerns have been fully addressed, and the application is now in condition for allowance. If, in the opinion of the

Examiner, a telephone conference would expedite the prosecution of this application, the Examiner is invited to call the undersigned representative at 312-913-0001.

Respectfully submitted,
